

# EALING ADULT LEARNING

## Bringing your innovative ideas to life

Ealing adult learning offers a range of free workshops and courses to help residents develop innovative ideas and enable them to gain the skills to successfully bid and manage a project.

If you live in Ealing and/or you are part of a community group and want to help in the recovery of local business and neighbourhoods and build more prosperous and vibrant Ealing, our courses can help you. They range from English, maths and digital skills to qualification or professional and personal development courses.
